FSSE 2019
Respondent Profile
Kentucky State University

The display below highlights details in the FSSE *Respondent Profile* report that are important to keep in mind when interpreting your results. For more information about the survey, please visit our website (**fsse.indiana.edu**) or contact a member of the FSSE team.

1. *Sample:* The FSSE *Respondent Profile* report is based on information from all faculty at your institution who responded to the survey based on their experiences teaching either a lower- or upper-division course. Faculty who responded based on another type of course or who did not report the course level are not included in this report.

2. *Class level:* Frequency distributions are reported separately for faculty who teach lower-division and upper-division courses.

3. *Item numbers:* Item numbering corresponds to the survey facsimile included in your *Institutional Report* and available on the FSSE website.

4. *Item wording:* Survey items are in the same order and wording as they appear on the instrument.

5. *Response options:* Response options are listed just as they appear on the instrument.

6. *Count and column percentage (%):* The Count column contains the number of faculty who selected the corresponding response option. The column percentage represents the percentage of faculty selecting the corresponding response option.
